Happy to incorporate the Rico changes.

It's my understanding you don't need a START in silverton this week or next. Is that correct??

Jan,

If you would please incorporate the updated facts into the Polrep #4 and just track the changes that you make, that would be very helpful.

I am onsite in MT this week thru Sat , and then back to Silverton Monday. (Rico for a day – Thursday).

Thanks,

Steve

Steve,

I looked through Rico PolRep #4 and have notes on what should be changed. I can make the changes in the document if you prefer. You have the latest version, as I think you revised the latest version I had sent you before you submitted it.

Your early hours in MT sound grim. Hope the work is going well.

Jan
